On July 4, 2024, Tashkent Campus NWAUFU was officially inaugurated. As the first Chinese university branch campus established in Uzbekistan, it is jointly built with Tashkent State Agrarian University. Northwest A&F University is an agricultural university with the most complete agricultural, forestry and aquatic disciplines in China, while Tashkent State Agrarian University is the most prominent agricultural university in Uzbekistan, distinguished by its overall strength and strong disciplinary influence.

## I. Program Overview

1. Program Level: Master's Degree

2. Majors Offered: Agronomy and Seed Industry (Agriculture), Agronomy and Seed Industry (Horticulture), Plant Protection, Animal Husbandry, Agricultural Management, Agricultural Engineering and Information Technology, Artificial Intelligence, Computer Technology, Biology and Medicine.

3. Start Date: September 2026

4. Program Duration: 2 years, adopting a "1+1" joint training model

5. Program Structure: Students will complete the first year of coursework at Tashkent State Agrarian University and undertake the second year of research at Northwest A&F University. Upon meeting the graduation requirements of both institutions, students will be awarded master's degrees from both universities.

## II. Enrollment Numbers

The plan is to enroll 45 students, with each major generally accepting 5 students. The university will adjust the number of students and the majors dynamically based on the availability of applicants.

### III. Application Procedures

#### 1. Application Period

March 1, 2026 – June 30, 2026

#### 2. Eligibility

(1) Applicants must be in good physical and mental health and hold citizenship of Uzbekistan, Kazakhstan, Kyrgyzstan, Turkmenistan, or Tajikistan.

(2) Academic Requirement: Applicants must obtain a bachelor's degree by September 1, 2026.

(3) Language Requirement: Applicants must meet at least one of the following: TOEFL  $\geq$  80; IELTS  $\geq$  5.5; Duolingo English Test  $\geq$  95; or meet the English proficiency standards specified by the intended major.
